- Easily connects to your ice maker and other faucets.
- Drinking Systems and accessories available for the kitchen and bathroom.
- Easy to Maintain: Just one cartridge to replace annually*
(*based on average usage and incoming water supply)

Certified by WQA Gold Seal to NSF/ANSI STD 42 & 53

Patented Antimicrobial Technology

Made in the U.S.A.

ALWAYS Fresh[®]

Water the way you want it[®]

- Stage 1:** Built in 5 micron pre-filter reduces dirt and sediment.
- Stage 2:** Fine Filtration
- Lead
 - Cysts
 - Turbidity and other fine particles 0.5 micron & larger
- Stage 3:** PAC (Powder Activated Carbon)
- Taste/Odor
 - Chlorine/Chloramines
 - THM-Trihalomethane
 - VOC-Volatile Organic Chemicals
 - MTBE-Methyl Tertiary Butyl Ether
- Stage 4:** Filter Protection: Nature's Antimicrobial - Agion™ keeps filter fresh & extends the life of the cartridge.
- Stage 5:** Reduction of hard water scale problems for water using appliances that heat, freeze, brew & chill water.

Tested, Certified & Approved to Protect Your Family's Drinking Water From:

- **Methyl Tertiary Butyl Ether (MTBE):** Gasoline additive found in ground water.
- **Volatile Organic Chemicals (VOC's):** They include gasoline, solvents, industrial and household cleaners, pesticides and other chemicals that can leach into our water supply.
- **Trihalomethanes (THM's):** Chlorine and/or chloramine disinfection byproducts.
- **Lead:** A heavy metal causing anemia, damage to the gastrointestinal tract and nervous system.
- **Parasite Cysts:** Giardia and Cryptosporidium found in 97% of all surface water.
- **Bacteria and Bio Film:** Shortens cartridge life due to a build up of a bio film on the surface of the filtration system.
